

Survey - Kingmere MCZ

Last updated: 09 May 2022 - 13:41:16

Type of notice: Activity

Sector: Marine Aggregates

Category: Geophysical

Summary

ABPmer will be conducting a geophysical and drop-down video survey in and around the Kingmere MCZ.

Description

Geophysical Survey

It is expected that geophysical survey operations in the area will commence on Sunday 24th May for a period of 6 days. The survey will be conducted using the 'Wessex Explorer' using a vessel mounted multibeam echosounder. Multibeam data will be acquired in nine small survey areas within the wider area detailed in this notice. ABPmer have completed these works successfully in previous years and understand the importance of working with the fishing industry and as such will always work around fishing gear and fishing activity.

Geophysical Survey Vessel

Wessex Explorer

MMSI: 235008166

Vessel Mobile: 07913 810292

Drop-Down Video Survey

Three one-day drop-down environmental video surveys will be conducted within the same survey areas (with the exception of area C). These will be conducted on w/c 23rd May OR w/c 5th June, w/c 4th July and w/c 18th July. The video will be towed up to 100m astern of the Littlehampton Harbour Board vessel, 'Erica'.
